### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

**In The Claims:**

Cancel withdrawn claims 8 and 15-18.

3. Claims 3-7, 10-12, 14 and 19-57 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Regarding claims 19, 28 and 35, the prior art of record fails to suggest a photon welding apparatus or method comprising, in combination with the other claimed limitations, a light pipe with a mask that consists of a reflective coating coated on one end wherein the pattern of the mask configured to define a weld location so that when the light pipe contacts the work piece only surfaces of the end of the light pipe that do not contact the work piece are coated with the mask.

Regarding claims 10 and 57, the prior art of record fails to suggest a photon welding apparatus, in combination with the other claimed limitations, a light pipe with a mask on one end that selectively covers the end of the light pipe.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
